# Saver Plan

**PLAN DESIGN:** The plan focuses on a low premium in return for reasonable point of service costs and provides a large incentive to act as consumers of healthcare using your Health Savings Account.

**PREVENTIVE CARE:** The plan pays 100% of the cost of preventive care for each covered member of your family. This ensures that you can get the regular check-ups and tests recommended for your age and gender.

**PRESCRIPTION DRUGS:** Medical and pharmacy claims accumulate toward the total out-of-pocket max of \$3,500 individual and \$6,500 family. Generic preventive drug copays are \$0.

**OTHER COVERED EXPENSES:** All other expenses are subject to a deductible. After you meet the deductible, the plan will pay 80% of the cost. You will pay your share of the cost of your medical care until you have met the out-of-pocket maximum. At that point, the plan pays 100% of the cost of your covered expenses. An HSA can help you pay deductibles and coinsurance.

**COVERAGE:** Please refer to the plan matrix on [page 34](#) for more details.

## You might enroll in this plan if you prefer:

- Paying **MORE** out of your weekly check towards insurance
- Paying **LESS** out of pocket at the point of service to meet the deductible and out-of-pocket maximums

# Health Savings Account FAQs

medical

## HOW DOES IT WORK?

## HOW DO YOU INVEST IT?

Fidelity has a feature called a “trigger amount.” This allows you to keep some money in your account for medical expenses. Anything you contribute over the trigger amount will automatically flow into the investment side. This feature helps ensure that you and your family are financially prepared for a medical need, while also allowing you to be in control of your money and investments.

For example, Josh decides to keep \$500 in the savings portion of his HSA. Anything he contributes over \$500 will pour into the investment portion of his HSA. After a doctor's visit, he pays his medical bill using his HSA savings. Now his contributions will go toward his savings account until he reaches his trigger amount (\$500).

# Prescription Plan

**PLAN DESIGN:** This plan encourages the use of generic and preferred brand drugs. We encourage you to discuss with your doctor and pharmacist the availability of generic preventive drugs for your maintenance conditions. You can find a list of the preventive generics for free on [my.robinsmorton.com](http://my.robinsmorton.com).

Robins & Morton has implemented generic step therapy that promotes the use of generic medications first. If you choose to use certain brand-name drugs before trying a generic medication, your prescription may not be covered and you will pay the full cost. Please go to the Resources tab on [my.robinsmorton.com](http://my.robinsmorton.com) for a full list of brand name drugs that require a generic first.

Specialty drug prescriptions must be filled through CVS Caremark Specialty Pharmacy by calling 1-800-237-2767.

Robins & Morton is pleased to offer a copay assistance program, **PrudentRx**. It is designed for specialty medications on our plan's approved drug list and works to reduce members' out-of-pocket (OOP) costs to \$0 after the deductible is met. PrudentRx reaches out via phone or mail to confirm enrollment. Once enrolled in the program, PrudentRx helps **access manufacturer copay cards** when available and **handles renewals and communications**. If members do not enroll or fail to complete required steps, they're responsible for **30% coinsurance** on eligible specialty medications.

**GOOD TO KNOW**

Copays for preventive generics are not subject to the deductible. You must meet the full deductible before the copays will apply to other prescription drugs under these plans. You can find drugs available at [my.robinsmorton.com/salary/coverage/medical](http://my.robinsmorton.com/salary/coverage/medical).

Robins & Morton fully covers the cost of Virta for all team members, spouses, and adult dependents with type 2 diabetes, prediabetes, and/or a BMI of 30 or greater who are enrolled in a Robins & Morton medical plan.

**WHAT IS VIRTA?** Virta is a medically supervised, research-backed treatment that reverses type 2 diabetes, meaning that patients can lower their blood sugar and A1c, all while reducing diabetes medications and losing weight.

**HOW DOES IT WORK?** Virta uses nutritional ketosis to naturally lower blood sugar and turn the body into a fat-burning machine. There is NO surgery, required exercise, or calorie counting on Virta.

With Virta's personalized treatment plan, each patient gets medical supervision from a physician-led care team, a one-on-one health coach, diabetes testing supplies, educational tools such as videos and recipes, and a private online support community.

**WEIGHT LOSS PROGRAM:** Through nutritional therapy and advanced telehealth, Virta's clinical weight loss program uses food as medicine to reverse weight gain. Members eat their way to better health with a nutrition plan made just for them and support from medical providers, coaches, and digital health tools. By shifting what they eat, not how much, members can quickly lose unwanted weight, lower A1c, and reduce medications. Virta's care plan includes:

- Personal provider care and coaching
- Scale, meter, and testing supplies
- Guidance to make go-to meals more healthy
- Daily support via the Virta app, available on mobile and desktop

# GRAIL

In partnership with GRAIL, Robins & Morton is pleased to offer eligible team members the Galleri multi-cancer early detection test at no cost. The Galleri test and detects a cancer signal across more than 50 types of cancer.

**HOW DOES IT WORK?** Through a simple blood draw, the Galleri test looks at DNA in your blood to determine if any of it may have come from cancer cells. GRAIL's Galleri test does not detect all cancers and should be used in addition to routine cancer screening tests recommended by a healthcare provider.

**ELIGIBILITY CRITERIA:** The Galleri test is being offered to team members and their dependents who are aged 50 years or older or aged 35-39 with certain risk factors and who are enrolled in a medical plan.

The Galleri test is intended to be used in addition to, and not as a replacement for, other cancer screening tests your healthcare provider recommends. The test does not measure your genetic risk of developing cancer in the future.

**GETTING STARTED:** Register and order a test at [www.galleri.com/robinsmorton](http://www.galleri.com/robinsmorton)

## UNDERSTANDING THE RESULTS:

### No Cancer Signal Detected

This means that no cancer signal was found; however, not all cancers can be detected by the Galleri test. Be sure to continue with routine recommended cancer screening tests. Missing routine cancer screenings or ignoring symptoms could lead to a delayed diagnosis of cancer.

### Cancer Signal Detected

This means that there are signals associated with cancer were detected. Your healthcare provider will discuss appropriate follow-up tests to confirm if cancer is present. The Galleri test does not diagnose cancer.

False negative and false positive results do occur.

# Short-Term Disability

**PLAN DESIGN:** The amount you receive is based on your base salary you earned when your disability began. This benefit is self-administered and fully paid by Robins & Morton. Short-Term Disability Insurance pays 100% of your base salary for days 6–90 of your disability.

**ELIGIBILITY:** Please refer to the guidelines posted on [my.robinsmorton.com](http://my.robinsmorton.com). This benefit pays a maximum of 90 days in a rolling 12 month period.

# Long-Term Disability

**PLAN DESIGN:** Robins & Morton offers Long-Term Disability (LTD) coverage at no cost to team members to help prevent this financial burden if you become disabled. If you suffer a covered disability while insured by this plan, you will receive monetary benefits designed to help you maintain your normal lifestyle. This program covers disabling injuries or sicknesses that last beyond the 90-day elimination period. This plan pays a benefit up to 60% of your monthly covered earnings — to a maximum of \$15,000 per month. Robins & Morton is happy to pay 100% of the premiums for this benefit.

**TEAM MEMBER PAID:** If Robins & Morton pays the premiums, any benefits you receive from the plan are taxable. Due to this, some team members elect to pay the premium themselves. If you elect to pay for LTD yourself, the cost of the insurance program is \$0.233 per \$100 of monthly earnings, and any benefit received would not be taxable.

## To start a Short-Term Disability claim:

- Contact your manager and your HR team
- Complete the application
- Make sure to include your doctor in the conversation
- In order to return to work, we will need a signed doctor's release

# Accident Insurance

disability

**PLAN DESIGN:** Accident coverage makes life's unpredictable moments more financially manageable. Group Accident Insurance can help you be better prepared by providing you with a payment to use as you see fit if you experience a covered event. There are no waiting periods for coverage to begin, and payment will be in addition to any other insurance you may have. This payment can help you focus more on getting back on track and less on the extra expenses an accident may bring.

**COVERAGE:** See [page 41](#) for types of benefits associated with this plan.

## Think about the likelihood of having an accident:

- Your child gets hurt playing sports or on the school playground
- You injure yourself while doing home repairs or while on vacation
- Your spouse slips and falls on the stairs or on a slippery floor

# Indemnity Insurance

**PLAN DESIGN:** Hospital indemnity insurance provides you with payments when you are admitted and when you are confined to a hospital due to an accident (not work related) or illness. Your benefit is a flat amount paid for admission, and a daily amount is paid for each day of a hospital stay. It also pays extra benefits for intensive care. Payments are made directly to you to use as you see fit. They can be used to help pay for medical plan deductibles and copays, out-of-network stays, your family’s everyday living expenses, or whatever else you need while recuperating from an illness or accident. While this is not medical insurance, it can help you pay bills from the first day you are in the hospital.

**ELIGIBILITY:** You are eligible to enroll yourself and your eligible family members in this plan. This coverage is portable, so you can take it with you if your employment status changes. Your coverage will only end if you stop paying your premium or if your current employer chooses to terminate the Group Hospital Indemnity insurance policy.

# Retirement Savings Plan

**PLAN DESIGN:** You may contribute up to 90% of your wages to the plan each pay period and invest your money in a wide range of investment alternatives to fit your personal risk tolerance. The IRS does have a dollar limit on your contributions and allows participants over age 50 to contribute an additional catch-up amount.

**OPTIONS:** To fit your particular tax situation, you may choose to invest your dollars on a pre-tax basis or on an after tax basis in the ROTH option.

**PROFIT SHARING:** The plan also has a profit sharing feature for team members after they complete one year of service. The profit share is a discretionary contribution from Robins & Morton to encourage everyone to save for retirement. The profit sharing contribution becomes fully vested after six years.

**ELIGIBILITY:** All team members over age 18 become eligible to contribute at hire date. You will be automatically enrolled in the plan after 30 days of employment with a starting contribution of 4% of your salary unless you change your contribution percentage on the Fidelity website, [www.401k.com](http://www.401k.com), or by calling Fidelity at (800) 835-5097 before you reach 30 days of service.

**i** **NEW RULE FOR CATCH-UP CONTRIBUTIONS (STARTING IN 2026)**  
If you are age 50 or older, you can make extra “catch-up” contributions to your retirement plan each year. Beginning in **2026**, federal law requires that these catch-up contributions be made on a **Roth (after-tax)** basis if you earned more than **\$145,000** in wages from Robins & Morton the prior year.

- If you earned **\$145,000 or less**, you'll still be able to choose whether your catch-up contributions are pre-tax or Roth.
- This change only applies to the extra catch-up amount — your regular contributions are not affected.

*This rule comes from the SECURE 2.0 Act, a federal law designed to help people save more for retirement.*

## USEFUL INFORMATION TO MAXIMIZE BENEFITS

- To maximize your benefits, always use in-network providers for services covered by your health benefit plan. To find in-network providers, check a provider directory, provider finder website ([AlabamaBlue.com](http://AlabamaBlue.com)) or call 1-800-810-BLUE (2583).
- In-network hospitals, physicians, and other healthcare providers have a contract with a Blue Cross and/or Blue Shield Plan for furnishing healthcare services at a reduced price (examples: BlueCard® PPO, PMD). In Alabama, in-network services provided by mental health disorders and substance abuse professionals are available through the Blue Choice Behavioral Health Network. Sometimes an in-network provider may furnish a service to you that is not covered under the contract between the provider and a Blue Cross and/or Blue Shield Plan. When this happens, benefits may be denied or reduced. Please refer to your benefit booklet for the type of provider network that we determine to be an in-network provider for a particular service or supply.
- Out-of-network providers generally do not contract with Blue Cross and/or Blue Shield Plans. If you use out-of-network providers, you may be responsible for filing your own claims and paying the difference between the provider's charge and the allowed amount. The allowed amount may be based on the negotiated rate payable to in-network providers in the same area, the average charge for care in the area or in accordance with applicable Federal law.
- Please be aware that providers/specialists may be listed in a PPO directory or provider finder website, but not covered under this benefit plan. Please check your benefit booklet for more detailed coverage information.

**This is not a contract, benefit booklet, or Summary Plan Description. Benefits are subject to the terms, limitations and conditions of the group contract (including your benefit booklet). Check your benefit booklet for more detailed coverage information. Please visit the website, [AlabamaBlue.com](http://AlabamaBlue.com).**

# Catastrophic Plan

Benefit payments are based on the amount of the provider's charge that Blue Cross and/or Blue Shield plans recognize for payment of benefits. The allowed amount may vary depending upon the type provider and where services are received.

## HEALTH SAVINGS ACCOUNT (HSA)

A Health Savings Account (HSA) is an account established with pre-taxed money in order to save for future medical expenses. In order to establish an HSA, you must first be enrolled in an HSA-Qualified High Deductible Health Plan (HDHP). An HDHP is a health plan that satisfies certain government requirements for use in conjunction with a HSA. This plan is designed to meet those government requirements. Enrolling in an HDHP allows you the opportunity to make contributions to an HSA on a pre-tax basis.

**Maximum Contribution:** The maximum contribution amount is indexed each year by the U.S. Treasury. The 2024 maximum contribution is **\$4,400** for single coverage and **\$8,750** for family coverage. If you have any questions about the benefits of an HSA, please consult your tax accountant.

# YOUR RIGHTS, LEGAL NOTICES, AND DISCLAIMERS

## ROBINS & MORTON DISCLAIMER

This material is designed to highlight the features for the benefits program offered by Robins & Morton as of January 1 of the plan year noted on the cover. Where there may be discrepancies in this document, the plan documents will govern. If you would like to request a copy, please contact the HR department at (205) 803-0102. If you are a COBRA participant, and if you are eligible for, but not enrolled in Medicare due to being age 65 or older and the plan is secondary to Medicare, benefits payable under this plan will be reduced by the amount that would have been paid if you had been enrolled in Medicare. The maximum combined payment you can receive from all plans may be less than 100% of the total allowable expense. If this plan is secondary to Medicare, the plan determines the amount it will pay for a covered health service by following the steps below:

- The plan determines the amount it would have paid less than the primary plan's allowable expense
- If this plan would have paid less than the primary plan paid, this plan pays no benefits
- If this plan would have paid more than the primary plan paid, this plan will pay the difference
- The maximum combined payment you can receive from all plans may be less than 100% of the total allowable expense.

## ELIGIBILITY DISCLAIMER

If an employee or dependent is found to not meet the eligibility criteria for the plan, the Plan Administrator is authorized to discontinue coverage and seek the return of claims paid by the plan and recommend personnel actions. Robins & Morton reserves the right to amend, modify or discontinue the plans at any time.

## HIPAA SPECIAL ENROLLMENT NOTICE

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself or your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

Special enrollment rights also may exist in the following circumstances:

- If you or your dependents experience a loss of eligibility for Medicaid or a state Children's Health Insurance Program (CHIP) coverage and you request enrollment within 60 days after that coverage ends; or
- If you or your dependents become eligible for a state premium assistance subsidy through Medicaid or a state CHIP with respect to coverage under this plan and you request enrollment within 60 days after the determination of eligibility for such assistance.

**Note:** The 60-day period for requesting enrollment applies only in these last two listed circumstances relating to Medicaid and state CHIP. As described above, a 30-day period applies to most special enrollments.

To request special enrollment or obtain more information, contact the Robins & Morton HR Helpline (205) 803-0102.

## NOTICE OF THE ROBINS & MORTON EMPLOYEE BENEFIT PLAN HEALTH INFORMATION PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND

DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

The effective date of this Notice of the Robins & Morton Employee Benefit Plan is October 1, 2025.

The Robins & Morton Employee Benefit Plan (the "Plan") provides health benefits to eligible employees of The Robins & Morton Group (the "Company") and their eligible dependents as described in the summary plan description(s) for the Plan. The Plan creates, receives, uses, maintains and discloses health information about participating employees and dependents in the course of providing these health benefits.

For ease of reference, in the remainder of this Notice, the words "you," "your," and "yours" refers to any individual with respect to whom the Plan receives, creates or maintains Protected Health Information, including employees and COBRA qualified beneficiaries, if any, and their respective dependents.

Your "Protected Health Information" (PHI) is information about your past, present, or future physical or mental health condition, the provision of health care to you, or the past, present, or future payment for health care provided to you, but only if the information identifies you or there is a reasonable basis to believe that the information could be used to identify you. Protected health information includes information of a person living or deceased (for a period of fifty years after the death.)

The Plan is required by law to provide notice to you of the Plan's duties and privacy practices with respect to your PHI and is doing so through this Notice. This Notice describes the different ways in which the Plan uses and discloses PHI. It is not feasible in this Notice to describe in detail all of the specific uses and disclosures the Plan may make of PHI, so this Notice describes all of the categories of uses and disclosures of PHI that the Plan may make and, for most of those categories, gives examples of those uses and disclosures.

The Plan is required to abide by the terms of this Notice until it is replaced. The Plan may change its privacy practices at any time and, if any such change requires a change to the terms of this Notice, the Plan will revise and re-distribute this Notice according to the Plan's distribution process. Accordingly, the Plan can change the terms of this Notice at any time. The Plan has the right to make any such change effective for all of your PHI that the Plan creates, receives or maintains, even if the Plan received or created that PHI before the effective date of the change.

The Plan is distributing this Notice, and will distribute any revisions, only to participating employees and COBRA qualified beneficiaries, if any. If you have

coverage under the Plan as a dependent of an employee, or COBRA qualified beneficiary, you can get a copy of the Notice by requesting it from the contact named at the end of this Notice.

Please note that this Notice applies only to your PHI that the Plan maintains. It does not affect your doctor's or other health care provider's privacy practices with respect to your PHI that they maintain.

## RECEIPT OF YOUR PHI BY THE COMPANY AND BUSINESS ASSOCIATES

The Plan may disclose your PHI to, and allow use and disclosure of your PHI by, the Company and Business Associates, and any of their subcontractors without obtaining your authorization.

**Plan Sponsor:** The Company is the Plan Sponsor and Plan Administrator. The Plan may disclose to the Company, in summary form, claims history and other information so that the Company may solicit premium bids for health benefits, or to modify, amend or terminate the Plan. This summary information omits your name and Social Security Number and certain other identifying information. The Plan may also disclose information about your participation and enrollment status in the Plan to the Company and receive similar information from the Company. If the Company agrees in writing that it will protect the information against inappropriate use or disclosure, the Plan also may disclose to the Company a limited data set that includes your PHI, but omits certain direct identifiers, as described later in this Notice.

The Plan may disclose your PHI to the Company for plan administration functions performed by the Company on behalf of the Plan, if the Company certifies to the Plan that it will protect your PHI against inappropriate use and disclosure.

**Example:** The Company reviews and decides appeals of claim denials under the Plan. The Claims Administrator provides PHI regarding an appealed claim to the Company for that review, and the Company uses PHI to make the decision on appeal.

**Business Associates:** The Plan and the Company hire third parties, such as a third-party administrator (the "Claims Administrator"), to help the Plan provide health benefits. These third parties are known as the Plan's "Business Associates." The Plan may disclose your PHI to Business Associates, like the Claims Administrator, who are hired by the Plan or the Company to assist or carry out the terms of the Plan. In addition, these Business Associates may receive PHI from third parties or create PHI about you in the course of carrying out the terms of the Plan. The Plan and the Company must require all Business Associates to agree in writing that they will protect

your PHI against inappropriate use or disclosure and will require their subcontractors and agents to do so, too.

For purposes of this Notice, all actions of the Company and the Business Associates that are taken on behalf of the Plan are considered actions of the Plan. For example, health information maintained in the files of the Claims Administrator is considered maintained by the Plan. So, when this Notice refers to the Plan taking various actions with respect to health information, those actions may be taken by the Company or a Business Associate on behalf of the Plan.

## HOW THE PLAN MAY USE OR DISCLOSE YOUR PHI

The Plan may use and disclose your PHI for the following purposes without obtaining your authorization. And, with only limited exceptions, we will send all mail to you, the employee. This includes mail relating to your spouse and other family members who are covered under the Plan. If a person covered under the Plan has requested Restrictions or Confidential Communications, and if the Plan has agreed to the request, the Plan will send mail as provided by the request for Restrictions or Confidential Communications.

**Your Health Care Treatment:** The Plan may disclose your PHI for treatment (as defined in applicable federal rules) activities of a health care provider. Example: If your doctor requested information from the Plan about previous claims under the Plan to assist in treating you, the Plan could disclose your PHI for that purpose.

**Example:** The Plan might disclose information about your prior prescriptions to a pharmacist for the pharmacist's reference in determining whether a new prescription may be harmful to you. Making or Obtaining Payment for Health Care or Coverage: The Plan may use or disclose your PHI for payment (as defined in applicable federal rules) activities, including making payment to or collecting payment from third parties, such as health care providers and other health plans.

**Example:** The Plan will receive bills from physicians for medical care provided to you that will contain your PHI. The Plan will use this PHI, and create PHI about you, in the course of determining whether to pay, and paying, benefits with respect to such a bill.

**Example:** The Plan may consider and discuss your medical history with a health care provider to determine whether a particular treatment for which Plan benefits are or will be claimed is medically necessary as defined in the Plan.

The Plan's use or disclosure of your PHI for payment purposes may include uses and disclosures for the following purposes, among others.

- Obtaining payments required for coverage under the Plan

- Determining or fulfilling its responsibility to provide coverage and/or benefits under the Plan, including eligibility determinations and claims adjudication
- Obtaining or providing reimbursement for the provision of health care (including coordination of benefits, subrogation, and determination of cost sharing amounts)
- Claims management, collection activities, obtaining payment under a stop-loss insurance policy, and related health care data processing
- Reviewing health care services to determine medical necessity, coverage under the Plan, appropriateness of care, or justification of charges
- Utilization review activities, including precertification and preauthorization of services, concurrent and retrospective review of services

The Plan also may disclose your PHI for purposes of assisting other health plans (including other health plans sponsored by the Company), health care providers, and health care clearinghouses with their payment activities, including activities like those listed above with respect to the Plan.

**Health Care Operations:** The Plan may use and disclose your PHI for health care operations (as defined in applicable federal rules) which includes a variety of facilitating activities. Example: If claims you submit to the Plan indicate that you have diabetes or another chronic condition, the Plan may use and disclose your PHI to refer you to a disease management program.

**Example:** If claims you submit to the Plan indicate that the stop-loss coverage that the Company has purchased in connection with the Plan may be triggered, the Plan may use or disclose your PHI to inform the stop-loss carrier of the potential claim and to make any claim that ultimately applies. The Plan's use and disclosure of your PHI for health care operations purposes may include uses and disclosures for the following purposes.

- Quality assessment and improvement activities
- Disease management, case management and care coordination
- Activities designed to improve health or reduce health care costs
- Contacting health care providers and patients with information about treatment alternatives
- Accreditation, certification, licensing or credentialing activities

- Fraud and abuse detection and compliance programs The Plan also may use or disclose your PHI for purposes of assisting other health plans (including other plans sponsored by the Company), health care providers and health care clearinghouses with their health care operations activities that are like those listed above, but only to the extent that both the Plan and the recipient of the disclosed information have a relationship with you and the PHI pertains to that relationship.
- The Plan's use and disclosure of your PHI for health care operations purposes may include uses and disclosures for the following additional purposes, among others.
- Underwriting (with the exception of PHI that is genetic information) premium rating and performing related functions to create, renew or replace insurance related to the Plan
- Planning and development, such as cost-management analyses
- Conducting or arranging for medical review, legal services, and auditing functions
- Business management and general administrative activities, including implementation of, and compliance with, applicable laws, and creating de-identified health information or a limited data set

The Plan also may use or disclose your PHI for purposes of assisting other health plans for which the Company is the plan sponsor, and any insurers and/or HMOs with respect to those plans, with their health care operations activities similar to both categories listed above. Limited Data Set: The Plan may disclose a limited data set to a recipient who agrees in writing that the recipient will protect the limited data set against inappropriate use or disclosure. A limited data set is health information about you and/or others that omits your name and Social Security Number and certain other identifying information. Legally Required: The Plan will use or disclose your PHI to the extent required to do so by applicable law. This may include disclosing your PHI in compliance with a court order, or a subpoena or summons. In addition, the Plan must allow the U.S. Department of Health and Human Services to audit Plan records. Health or Safety: When consistent with applicable law and standards of ethical conduct, the Plan may disclose your PHI if the Plan, in good faith, believes that such disclosure is necessary to prevent or lessen a serious and imminent threat to your health or the health and safety of others. The Plan can share health information about you for certain situations such as:

- Preventing disease
- Helping with product recalls
- Reporting adverse reactions to medications
- Reporting suspected abuse, neglect, or domestic violence

**Law Enforcement:** The Plan may disclose your PHI to a law enforcement official if the Plan believes

in good faith that your PHI constitutes evidence of criminal conduct that occurred on the premises of the Plan. The Plan also may disclose your PHI for limited law enforcement purposes.

**Lawsuits and Disputes:** In addition to disclosures required by law in response to court orders, the Plan may disclose your PHI in response to a subpoena, discovery request or other lawful process, but only if certain efforts have been made to notify you of the subpoena, discovery request or other lawful process or to obtain an order protecting the information to be disclosed.

**Workers' Compensation:** The Plan may use and disclose your PHI when authorized by and to the extent necessary to comply with laws related to workers' compensation or other similar programs. Emergency Situation: The Plan may disclose your PHI to a family member, friend, or other person, for the purpose of helping you with your health care or payment for your health care, if you are in an emergency medical situation and you cannot give your agreement to the Plan to do this.

**Personal Representatives:** The Plan will disclose your PHI to your personal representatives appointed by you or designated by applicable law (a parent acting for a minor child, or a guardian appointed for an incapacitated adult, for example) to the same extent that the Plan would disclose that information to you. The Plan may choose not to disclose information to a personal representative if it has reasonable belief that: 1) you have been or may be a victim of domestic abuse by your personal representative; or 2) recognizing such person as your personal representative may result in harm to you; or 3) it is not in your best interest to treat such person as your personal representative.

**Public Health:** To the extent that other applicable law does not prohibit such disclosures, the Plan may disclose your PHI for purposes of certain public health activities, including, for example, reporting information related to an FDA-regulated product's quality, safety or effectiveness to a person subject to FDA jurisdiction.

**Health Oversight Activities:** The Plan may disclose your PHI to a public health oversight agency for authorized activities, including audits, civil, administrative or criminal investigations; inspections; licensure or disciplinary actions.

**Coroner, Medical Examiner, or Funeral Director:** The Plan may disclose your PHI to a coroner or medical examiner for the purposes of identifying a deceased person, determining a cause of death or other duties as authorized by law. Also, the Plan may disclose your PHI to a funeral director, consistent with applicable law, as necessary to carry out the funeral director's duties.

**Organ Donation:** The Plan may use or disclose your PHI to assist entities engaged in the procurement, banking, or transplantation of cadaver organs, eyes, or tissue.

**Specified Government Functions:** In specified circumstances, federal regulations may require the Plan to use or disclose your PHI to facilitate specified government functions related to the military and veterans, national security and intelligence activities, protective services for the president and others, and correctional institutions and inmates.

**Research:** The Plan may disclose your PHI to researchers when your individual identifiers have been removed or when an institutional review board or privacy board has reviewed the research proposal and established a process to ensure the privacy of the requested information and approves the research.

**Disclosures to You:** When you make a request for your PHI, the Plan is required to disclose to you your medical records, billing records, and any other records used to make decisions regarding your health care benefits. The Plan must also, when requested by you, provide you with an accounting of disclosures of your PHI if such disclosures were for any reason other than Treatment, Payment, or Health Care Operations (and if you did not authorize the disclosure).

#### **Authorization to Use or Disclose Your PHI**

Except as stated above, the Plan will not use or disclose your PHI unless it first receives written authorization from you. If you authorize the Plan to use or disclose your PHI, you may revoke that authorization in writing at any time, by sending notice of your revocation to the contact person named at the end of this Notice. To the extent that the Plan has taken action in reliance on your authorization (entered into an agreement to provide your PHI to a third party, for example) you cannot revoke your authorization.

Furthermore, we will not: (1) supply confidential information to another company for its marketing purposes (unless it is for certain limited Health Care Operations); (2) sell your confidential information (unless under strict legal restrictions) (to sell means to receive direct or indirect remuneration); (3) provide your confidential information to a potential employer with whom you are seeking employment without your signed authorization; or (4) use or disclose psychotherapy notes unless required by law.

Additionally, if a state or other law requires disclosure of immunization records to a school, written authorization is no longer required. However, a covered entity still must obtain and document an agreement which may be oral and over the phone.

#### **The Plan May Contact You**

The Plan may contact you for various reasons, usually in connection with claims and payments and usually by mail. You should note that the Plan may contact you about treatment alternatives or other health-related benefits and services that may be of interest to you.

## **YOUR RIGHTS WITH RESPECT TO YOUR PHI**

**Confidential Communication by Alternative Means:** If you feel that disclosure of your PHI could endanger you, the Plan will accommodate a reasonable request to communicate with you by alternative means or at alternative locations. For example, you might request the Plan to communicate with you only at a particular address. If you wish to request confidential communications, you must make your request in writing to the contact person named at the end of this Notice. You do not need to state the specific reason that you feel disclosure of your PHI might endanger you in making the request, but you do need to state whether that is the case. Your request also must specify how or where you wish to be contacted. The Plan will notify you if it agrees to your request for confidential communication. You should not assume that the Plan has accepted your request until the Plan confirms its agreement to that request in writing.

**Request Restriction on Certain Uses and Disclosures:** You may request the Plan to restrict the uses and disclosures it makes of your PHI. This request will restrict or limit the PHI that is disclosed for Treatment, Payment, or Health Care Operations, and this restriction may limit the information that the Plan discloses to someone who is involved in your care or the payment for your care. The Plan is not required to agree to a requested restriction, but if it does agree to your requested restriction, the Plan is bound by that agreement, unless the information is needed in an emergency situation. There are some restrictions, however, that are not permitted even with the Plan's agreement. To request a restriction, please submit your written request to the contact person identified at the end of this Notice. In the request please specify: (1) what information you want to restrict; (2) whether you want to limit the Plan's use of that information, its disclosure of that information, or both; and (3) to whom you want the limits to apply (a particular physician, for example). The Plan will notify you if it agrees to a requested restriction on how your PHI is used or disclosed. You should not assume that the Plan has accepted a requested restriction until the Plan confirms its agreement to that restriction in writing. You may request restrictions on our use and disclosure of your confidential information for the treatment, payment and health care operations purposes explained in this Notice. Notwithstanding this policy, the plan will comply with any restriction request if (1) except as otherwise required by law, the disclosure is to the health plan for purposes of carrying out payment or health care operations (and it is not for purposes of carrying out treatment); and (2) the PHI pertains solely to a health care item or service for which the health care provider has been paid out-of-pocket in full.

**Right to Be Notified of a Breach:** You have the right to be notified in the event that the plan (or a Business Associate) discovers a breach of unsecured protected health information.

**Electronic Health Records:** You may also request and receive an accounting of disclosures of electronic health records made for treatment,

payment, or health care operations during the prior three years for disclosures made on or after (1) January 1, 2014 for electronic health records acquired before January 1, 2009; or (2) January 1, 2011 for electronic health records acquired on or after January 1, 2009. The first list you request within a 12-month period will be free. You may be charged for providing any additional lists within a 12-month period.

**Paper Copy of This Notice:** You have a right to request and receive a paper copy of this Notice at any time, even if you received this Notice previously, or have agreed to receive this Notice electronically. To obtain a paper copy please call or write the contact person named at the end of this Notice.

**Right to Access Your PHI:** You have a right to access your PHI in the Plan's enrollment, payment, claims adjudication and case management records, or in other records used by the Plan to make decisions about you, in order to inspect it and obtain a copy of it. Your request for access to this PHI should be made in writing to the contact person named at the end of this Notice. The Plan may deny your request for access, for example, if you request information compiled in anticipation of a legal proceeding. If access is denied, you will be provided with a written notice of the denial, a description of how you may exercise any review rights you might have, and a description of how you may complain to Plan or the Secretary of Health and Human Services. If you request a copy of your PHI, the Plan may charge a reasonable fee for copying and, if applicable, postage associated with your request.

**Right to Amend:** You have the right to request amendments to your PHI in the Plan's records if you believe that it is incomplete or inaccurate. A request for amendment of PHI in the Plan's records should be made in writing to the contact person named at the end of this Notice. The Plan may deny the request if it does not include a reason to support the amendment. The request also may be denied if, for example, your PHI in the Plan's records was not created by the Plan, if the PHI you are requesting to amend is not part of the Plan's records, or if the Plan determines the records containing your health information are accurate and complete. If the Plan denies your request for an amendment to your PHI, it will notify you of its decision in writing, providing the basis for the denial, information about how you can include information on your requested amendment in the Plan's records, and a description of how you may complain to Plan or the Secretary of Health and Human Services.

**Accounting:** You have the right to receive an accounting of certain disclosures made of your health information. Most of the disclosures that the Plan makes of your PHI are not subject to this accounting requirement because routine disclosures (those related to payment of your claims, for example) generally are excluded from this requirement. Also, disclosures that you authorize, or that occurred more than six years before the date of your request, are not subject to this requirement. To request an accounting of disclosures of your PHI, you must submit your

request in writing to the contact person named at the end of this Notice. Your request must state a time period which may not include dates more than six years before the date of your request. Your request should indicate in what form you want the accounting to be provided (for example on paper or electronically). The first list you request within a 12-month period will be free. If you request more than one accounting within a 12-month period, the Plan will charge a reasonable, cost-based fee for each subsequent accounting.

**Personal Representatives:** You may exercise your rights through a personal representative. Your personal representative will be required to produce evidence of his/her authority to act on your behalf before that person will be given access to your PHI or allowed to take any action for you. The Plan retains discretion to deny a personal representative access to your PHI to the extent permissible under applicable law.

## **COMPLAINTS**

If you believe that your privacy rights have been violated, you have the right to express complaints to the Plan and to the Secretary of the Department of Health and Human Services. Any complaints to the Plan should be made in writing to the contact person named at the end of this Notice. The Plan encourages you to express any concerns you may have regarding the privacy of your information. You will not be retaliated against in any way for filing a complaint.

## **CONTACT INFORMATION**

The Plan has designated Susie Brasher as its contact person for all issues regarding the Plan's privacy practices and your privacy rights. You can reach this contact person at: 400 Shades Creek Parkway, Birmingham AL 35209, (205) 803-0109.

## **IMPORTANT NOTICE FROM ROBINS & MORTON ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE**

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the Robins & Morton Employee Benefit Plan and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

**If you enroll in the Saver plan,** there are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare.

You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. Robins & Morton has determined that the prescription drug coverage offered by the Saver plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

If you enroll in the Catastrophic plan, there are three important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Robins & Morton has determined that the prescription drug coverage offered by the Catastrophic plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.
3. You can keep your current coverage from the Robins & Morton Employee Benefit Plan. However, because your coverage is non-creditable, you have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you join a drug plan. When you make your decision, you should compare your current coverage, including what drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area. Read this notice carefully—it explains your options.

#### When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

#### What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Robins & Morton coverage will not be affected.

If you do decide to join a Medicare drug plan and drop your current Robins & Morton coverage, be aware that you and your dependents will not be able to get this coverage back.

#### When Will You Pay A Higher Premium (Penalty) To Join Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Robins & Morton and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

#### For More Information About This Notice Or Your Current Prescription Drug Coverage:

Contact the person listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Robins & Morton changes. You also may request a copy of this notice at any time.

#### For More Information About Your Options Under Medicare Prescription Drug Coverage:

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

#### PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2025. Contact your State for more information on eligibility.

**NEWBORN'S AND MOTHERS' HEALTH PROTECTION ACT NOTICE**

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

## NEW HEALTH INSURANCE MARKETPLACE COVERAGE OPTIONS AND YOUR HEALTH COVERAGE

### PART A: GENERAL INFORMATION

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

#### What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

#### Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

#### Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit.<sup>1</sup>

**Note:** If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

#### How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact the HR Helpline (205) 803-0102.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit [HealthCare.gov](http://HealthCare.gov) for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

### PART B: INFORMATION ABOUT HEALTH COVERAGE OFFERED BY YOUR EMPLOYER

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

3. Employer Name: <b>Robins &amp; Morton</b>
4. Employer Identification Number (EIN) <b>63-1076743</b>
5. Employer address: <b>400 Shades Creek Parkway</b>
6. Employer phone number <b>(205) 870-1000</b>
7. City <b>Birmingham</b>
State <b>AL</b>
9. Zip code <b>35209</b>
10. Who can we contact about employee health coverage at this job? <b>HR Helpline</b>
11. Phone number (if different from above) <b>(205) 803-0102</b>
12. Email address <b>AskHR@robinsmorton.com</b>

Here is some basic information about health coverage offered by this employer:

As your employer, we offer a health plan to:

- All employees. Eligible employees are:
  - Hourly employees
  - Salary employees

With respect to dependents:

We do offer coverage. Eligible dependents are:

- Your spouse, legally recognized and documented by a license or similar document from an appropriate jurisdiction. Common law marriages are not recognized;
- A married or unmarried child up to age 26, Children include:
  - Natural children
  - Step children
  - Legally adopted children
  - Children placed with the employee for adoption;
  - The employee's incapacitated, unmarried child, unable to support themselves and dependent upon the employee for support
  - A grandchild that meets all of the following criteria:
    - Under age 26
    - Unmarried
    - Resides in the same household full time in a parent-child relationship

If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

\*\*Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, [HealthCare.gov](http://HealthCare.gov) will guide you through the process. Here's the employer information you'll enter when you visit [HealthCare.gov](http://HealthCare.gov) to find out if you can get a tax credit to lower your monthly premiums.

<sup>1</sup> An employer-sponsored health plan meets the “minimum value standard” if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.
